Procedure:

#assembling left headboard
1. Gather legs A and B and J,H, and I
2. Take two M6x2.7" bolts
3. Align part I with the lowest holes of part A and B
4. Screw A and I an B together with the M6x2.7" bolts
5. Use the same process for Part H
6. Connect H to Part A and B in the middle section
7. Screw A and H and B together with the two M6x2.7" bolts
8. Use the same process with part J
9. Connect J to Part A and B in the top section
10. Screw A and J and B together with the four M6x2.7" bolts
11. Take part G
12. Grab five M6x1"bolts
13. Screw the five bolts into the top of J

#assembling right headboard
14. Connect J to top of C and D
15. Screw in place with 4 M6x2.7" bolts
16. Align part G on top of J
17. Screw in with five M6x1" bolts

#assembling backside
18. Grab parts R, Q and P
19. Align in that order from top to bottom
20. Screw in part N using twelve M6x1" bolts
21. Screw in with part N on the left using four screws
22. Screw in second part N to the middle using four screws
23. Screw in third part N to the right using four screws

#assembling front side
24. Grab parts M, L and K
25. Align in that order from top to bottom
26. Screw in part N using eight M6x1" bolts
27. Screw in part N to the left side using four screws
28. Screw in the second part N to the right side using four screws

#assembling shelves on right headboard
29. Grab right headboard
30. Attach shelves U to the third floor(third from bottom)
31. Attach shelves T to the remaining ports

32. Screw in using two M6x2.7" bolts
33. Screw in using tool 9
34. Each screw is assembled in order of part 5, 6, then 4
35. Grab posts F and E to outer part of shelves
36. Screw in post F to left side
37. Screw in using four M6x2.7" bolts
38. Use tool 9 to screw in
39. Each screw is assembled in order of part 5, 6 then 4
40. Screw in post E to the right side
41. Screw in using four M6x2.7" bolts
42. Use tool 9 to screw in
43. Each screw is assembled in order of part 5, 6 then 4

#full assembly of parts
44. Attach front sideboard to the left side of right headboard
45. Attach back sideboard to the right side of the right headboard
46. Attach left headboard to other side of sideboards
47. Screw in steps 44-46 using four M6x0.5" bolts
48. Use tool 9 to screw in
49. Attach part S to the backside
50. Attach part S to the middle of the headboards
51. Attach part V to the backside
52. Attach part V to the lower part of the headboards
53. Attach part S and V using four M6x2.7" bolts
54. Screw in using tool 9
55. Screw in the top of the headboards to the side boards
56. Use three 4x0.8" screws
57. Screw in three M6x1" bolts to right side of front sideboard to the right headboard
58. Use tool 9 to screw in
59. Screw in Part S
60. Screw in order of parts 5, 6 and 3
61. Use tool 9
62. Screw both left and right side
63. Grab part Y
64. Attach to the middle of the two headboards
65. Use center rail
66. Grab 16 W parts
67. Lay evenly across part Y
68. Screw in using 4x1.2" screws into bed slats
Done

Naming variables:
bolt_1 = M6x0.5"
bolt_2 = M6x1"
bolt_3 = M6x1.2"

bolt_4 = M6x2.7"
washer_5 = flat washer
washer_6 = washer
screw_7 = 4x1.2"
screw_8 = 4x0.8"
tool_9 = allen kye
leg_1 = leg A
leg_2 = leg B
leg_3 = leg C
leg_4 = leg D
sleg_1 = leg E
sleg_2 = leg F
